

## Signage Solutions @ Nordis Signs Ministry of Defence

NORDIS SIGNS has more than 20 years of experience in the design, production and supply of signage products, including:

### Exterior signage schemes –

Nordis can provide a complete package of directional signs around any campus, site or base;

**Interior signage schemes** -The design and supply of internal directional / information signs including bespoke Interpretation Panels as well as standard and non-standard Health and Safety signs, including bespoke versions with company

logo and own messages/ tag-lines. As a government recognised 'Supported Business' providing meaningful employment to people with disabilities, Nordis is

registered under the *Special Contracts Arrangements* (SCA) Scheme, which helps it compete for business from local and central government.

Under this scheme, you as a central government buyer can:

- Award contracts to registered SCA suppliers such as *Nordis Signs*, if their tender is no higher than any other tender;
- Give Nordis the opportunity to submit a revised offer (an 'offer-back') should all factors except their tender price be acceptable.

- Accept the revised Nordis tender if they can then match the previous best offer.

*Nordis Signs* will be pleased to meet your requirements and provide a complete solution to your individual signage needs.

A 20-strong team of trained staff will oversee a signage project from the original quotation, through the design and manufacturing process, to its delivery and installation.

NORDIS SIGNS is registered supplier on the Ministry of Defense Select Supplier Information Database and can be found at [www.contracts.mod.uk](http://www.contracts.mod.uk)
